

Library Services

Opening Minds...

Great events await our Kirtland Air Force Base Family with a whole year of great planned events at the Kirtland Air Force Base Library!

Hundreds visit our library each month, using services from research to computer access and our very popular kids' reading room.

But libraries aren't just for books anymore! The Kirtland Air Force Base library provides events such as the Halloween Booktoberfest, a visit from Mrs. Santa Clause featuring live character reading and goodies for the kids, African-American Heritage Month Book Exhibit, Japanese flower arranging demonstration and more! Our Summer Reading Club in June and July provides a great venue for artists and guest speakers--a great opportunity for our Kirtland Air Force Base family to really get involved with the community.

Our Kirtland Air Force Base families gain the opportunity to enjoy hands-on experiences and see live and in person what worlds exist with and beyond our stacks of books.

You can help create an enriched environment where books meet real life and instruction is met with participation.

Capture our market! Make a difference. You are the power behind our force!
